RE: Hill v. Laird, 06-CV-126(JS)(AYS)

Dear Judge Seybert,

I write to convey to the court that on Friday I had a legal visit from Abraham Hassen and on Saturday a legal visit from AUSA Cho--both visits were contact legal visits on the third floor of the MCC. I was hand cuffed too and from the visit, the hand cuffs were removed during both visits , and a CO sat outside the legal visiting room the entire time ... Which is the process for all SHU prisoners.

I felt it imperative to bring this to the court's attention because for 45 minutes during the phone conference on Friday, Ken Berk (MDC staff attorney) attempted to paint a picture that such regular contact legal visits posed this enormous security risk. I contend that it was a farce and an outright lie perpetrated by the collusion of the MDC & MCC staff to disrupt my ability to prepare, present and win this case at trial. And that all these draconian conditions are for that nefarious purpose--extreme isolation, concrete (slab) bed, concrete steel & desk, two cameras in the cell on of which points directly into the shower & faces toiled, a thick sky blue piece of plexiglass over both windows preventing me from looking out the window, and two metal flaps over the door windows preventing me from seeing out the door; and a complete denial of outdoor recreation 14 days and still counting.

These conditions have nothing to do with a security need and are designed to delay, obstruct & disrupt my Court access--I still have not received the Court's summary judgment decision pertaining to Maldonado--and preventing me from obtaining a lawyer and being able to adequately prepare for trial in just over 2 weeks...I've are not even in compliance with their own policy on legal visits (See Program Statement 1315.07 p.g. 17) which clearly states:

"An act by an inmate in violation of Bureau regulation or institution guidelines warrants a limitation by the warden of the inmate's correspondence or visiting rights with attorney only if necessary to protect institution security, good order, or discipline. The warden may not deny correspondence or visiting rights with attorneys generally. The Warden must consult with the Regional Counsel before taking action under this subsection."

In as much as I've done nothing violative of any rule on a legal visit the Court should ensure that my Constitutional rights are not arbitrarily denied, eroded , or run rough shod over.

In Struggle,

D. Hill
